A force for positive change in the design / construction industry

10/16/2017 – NAC Releases Paper on “Post-Disaster Engineering & Construction”

In light of the recent series of hurricanes that have struck the continental U.S. and particularly the devastation visited on Puerto Rico, the National Academy of Construction (NAC) member, Bob Prieto, has provided a premier entitled: “[Post-Disaster Engineering & Construction](#).” [This paper and other documents may be found under [CIRT’s RESOURCES](#)]
