

## Construction Industry Round Table

## Legal News - **RESOURCE**

*A force for positive change in the design / construction industry*

### **12/23/2016 – Tort Reform Round-Up for 2016**

As a long-time member of the American Tort Reform Association (ATRA), CIRT has supported efforts to improve the legal / litigation environment in which our firms must operate. Much of this work is done at the state level which requires moving the process in all 50 states. Each year, ATRA distributes a summary of where things stand with respect to the legal rules/procedures in individual states. For details see the following:

- [2016 State Tort Reform Enactments](#)
- [ATRA's Tort Reform Record](#)
